# Bunting & Handwaver Flags

Bunting (also known as pennants on tape) is a great way to dress a building or venue. Originally made as a simple decoration to brighten an area up, it is now a great method of promotion and can be used as a PoS display. Handwaver flags are ideal for mass public events and promotions.

## Printed Bunting

Printed Bunting is a totally bespoke product. We can manufacture to your exact requirements. Pennants can be rectangular, triangular or die cut to shape. We have a wide choice of materials and we can make up in the length you require.

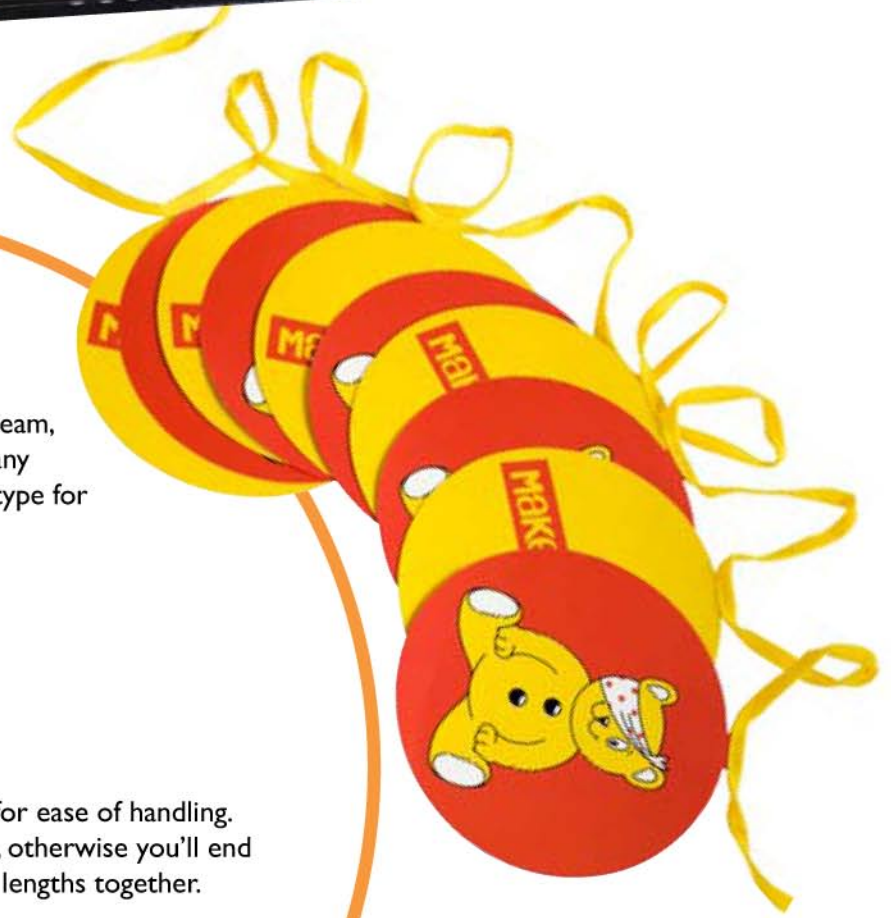

Printed Bunting is a very effective and inexpensive PoS item. It is easy for retailers to use and provides a large area of visibility for a relatively small item size. It can be co-ordinated with shelf and pack displays as part of your campaign.

If you need guidance please talk to our sales team, we realise that it is an unusual product for many buyers so let us help you specify the correct type for your requirements.

- Paper, synthetic paper or PVC
- Printed to the design of your choice
- Multiple pennant designs
- Square cut or die cut shapes

All our bunting is supplied in lengths tied up for ease of handling. We advise a maximum length of 10m per line, otherwise you'll end up in knots. If you need it longer just tie two lengths together.

## National Flag Bunting

National flag bunting – Great at big sporting occasions, a natural choice for pubs and other licensed premises if you are looking to attract fans to the big game. 2011 is a Royal Wedding year, a fantastic time to get the bunting out.

- 9m or 10m lines of bunting, 24 or 25 pennants per line
- Tough polyethene material suitable for indoors or outdoors
- Large choice of nations available

### Multi-coloured

## Plain Bunting

Our multi coloured Bunting is manufactured from re-inforced PVC and is ideal for many different applications, as standard with 10 different alternate colours or we can make it specially with the combination or your choice.

- 10m lines with 25 pennants per line
- Robust re-inforced PVC or nylon
- Multicoloured or red, white & blue as standard
- Special colour combinations to order
- 200mm x 300mm triangular pennants

**Red, white and blue**

# Handwaver Flags

Our range of handwaver flags are ideal for mass public events and promotions. Whether a royal visit or sports crowd, a great promotional give away and very likely to catch the attention of cameras and the media who may be covering your event.

Handwavers are made to a high quality coated paper, which is suitable for indoor or outdoor use, finished with a sturdy plastic or wooden stick. Produced in any size from A5 upwards, we recommend A4 as a good all round size.

- National handwaver flags of any country in polyester or paper
- Corporate handwavers printed to the design you require

A popular option is to combine a national flag on one side with advertising on the other, this adds value to the user and increases usage.

## ◀ From Chesterfield

## The Banner Box Difference

Banner Box is a leading manufacturer and supplier of many types of banners, banner support systems, flags and flagpoles, large format graphics and bespoke promotional structures. On our customers behalf we have invested in modern manufacturing and finishing facilities and the latest printing and dye sublimation technology, in order to help you meet the challenges of busy and fast-moving markets. Whatever indoor or outdoor promotional display materials you require, we will always aim to meet your deadlines and exceed your expectations.
