# Flagpole and Banner Installation

Installing and maintaining your flagpoles and banners properly will ensure many years of trouble free usage. Our fully trained team can provide you with a hassle free solution.

## Maintenance & Safety Checks

An un-used or badly maintained pole in front of your premises makes all the wrong kinds of statements. By choosing one of our maintenance contracts you can be sure that your poles are both safe and smart.

We can undertake maintenance on all kinds of pole. Choose from either 6 or 12 month service intervals with the option to have new flags supplied each time we come to look after the poles. Substantial discounts apply for sites with more than one pole.

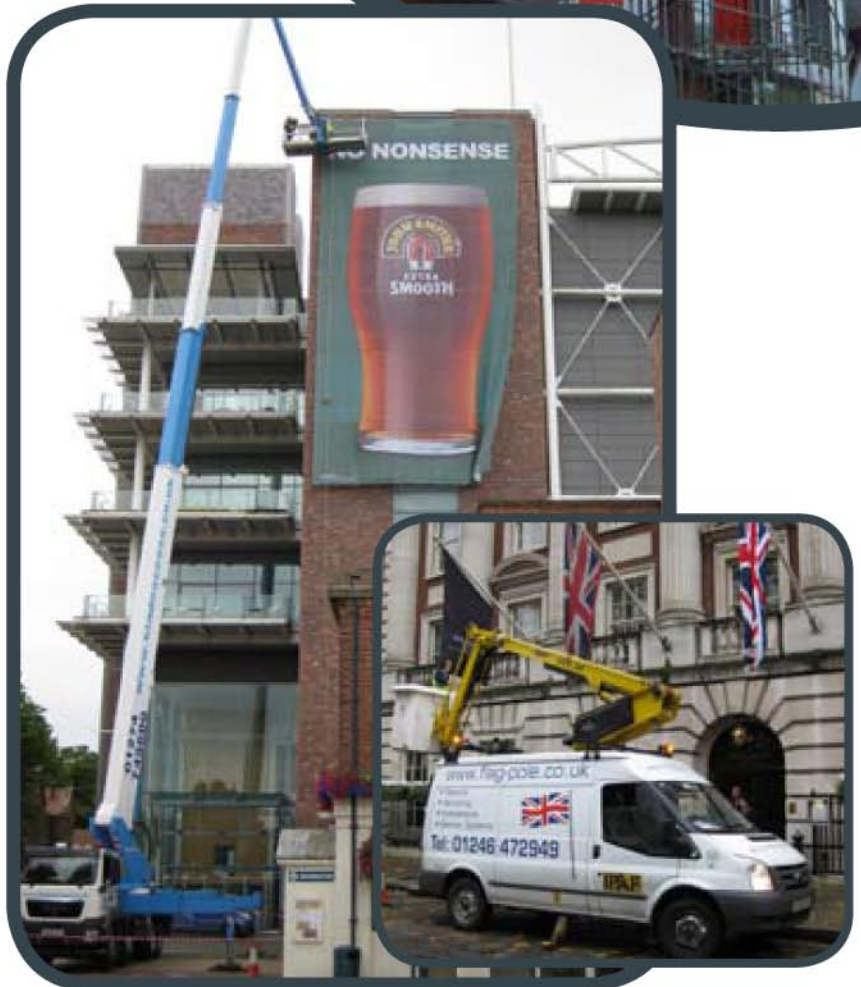

16 metre hoistable banners at the University of Essex for main contractor Modulex.

Maintenance Checks include:

- Foundation and ground anchor bolt inspection
- Pole check for signs of wear, fatigue, bending or failure
- Halyards checked for signs of abrasion or weakness through UV ageing
- Cleats and fittings checked
- Poles lowered and cleaned to remove dirt
- Finials and rotating arms checked
- Flags inspected and replaced if worn

## Our Installation Team

## Installation

### Site Surveys

Every location has its own requirements. Investing in a site survey ensures there are no unforeseen problems or expenses when we start the installation.

Site Surveys include:

- Site access checks
- Cat scanning for buried utilities
- Overhead obstruction checks
- Foundation type assessment
- Bracket position and wall suitability check for wall mounted poles

We provide an easy to read report including:

- Risk assessment
- Method statement
- Requirements for earth moving equipment
- Volumes for concrete foundations
- Requirements for access platforms

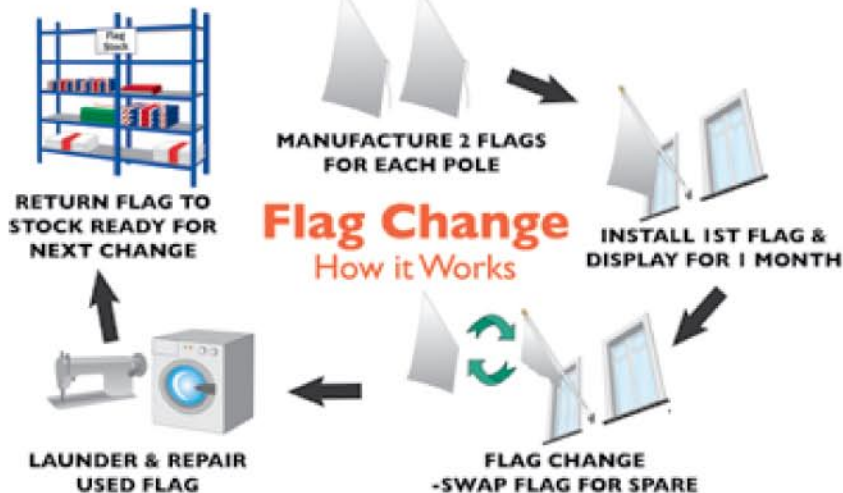

## Flag Change Service

Our flag change service is designed specifically for retailers, hotels and owners of other public buildings looking to ensure that their flag is always in good condition.

A flag is designed to catch the eye and draw attention to your premises. A tatty or poorly displayed flag gives all the wrong signals.

We will take the hassle out of ensuring your flag remains correctly displayed.

### Emergency call out

- Flag damaged by extreme weather or accident
- Pole repair
- Change of flag for a promotion or special occasion
