# Pop-up Marquees

Pop-up Marquees are an ideal way to create a focus for your product at outdoor events. They combine a self contained structure with the ability to install highly visible branding. Each Pop-up Marquee has a heavy duty concertina frame. The canopy and walls are made to suit each client's individual requirements:

- **3m x 3m or 4.5m x 3m as standard sizes**
- **Combine printed or plain panels to create the branding you require**
- **A premium range of marquee frames, designed for regular commercial use**

Each marquee comes complete with a canopy, 4 walls, carry bags and guy lines. Manufactured from flame retardent and highly durable PU coated polyester, and PVC in the colour scheme of your choice.

Graphics can be printed onto walls, canopy roof, and pelmet. Our artwork templates provide clear instructions and enable you to visualise the graphics before going to print. Let us take the hassle out of designing artwork for a Pop-up Marquee.
